Title: 4th Annual Conference of the National Chlamydia Screening Programme. *Venue:* Queen Elizabeth II Conference Centre, London, UK. *Details:* The National Chlamydia Screening Programme (NCSP) aims to detect and treat asymptomatic infection, prevent complications associated with untreated infection and reduce onward transmission. This year's conference will include international perspectives on chlamydia screening from Europe and the United States. Key conference themes will focus on *increasing coverage, equitable access and engaging those at highest risk*. The potential contribution of education and voluntary sectors and settings such as pharmacy and general practice will be explored. This is an opportunity for those involved in the delivery of the NCSP to network, highlight local achievements, share ideas and discuss areas of common interest. *Information:* Visit www.hpa-events.org.uk/NCSPconference for further details and to book your place online. Attendance is free of charge to those directly involved in NCSP planning and/or delivery. Places are limited so please book early!
