## The David Bromham Annual Memorial Award

David Bromham was the first Chairman of the Faculty of Family Planning and Reproductive Health Care. He died in office in 1996. Throughout his life, David was an energetic and inspirational man. Whilst in Leeds, he set up an assisted conception programme, which was and is one of the most successful in the world. In 1991 he set up a fertility control unit designed to provide a more accessible service for the termination of pregnancy. He also carried out an extensive programme of research and was closely involved with the *British Journal of Family Planning* (now the *Journal of Family Planning and Reproductive Health Care*).

The Award is not intended to be a prize for long and distinguished service, rather for a piece of work which through inspiration, innovation or energy has furthered the practice of family planning and reproductive health care in any way and any setting. It is not a research grant. Younger health professionals sometimes undervalue their achievements but they are exactly the people that David Bromham would have wished to see encouraged as this award now acknowledges.

The award will be made either to an individual (who must be a current Diplomate or Member of the Faculty) or to a team, which could be multidisciplinary. In the latter case, the lead doctor should be a current member of the Faculty. You may nominate yourself or your team or be nominated by someone else. The award itself, which will be presented at each year's AGM, will comprise a monetary sum and inscribed memento.

Nomination is by completion of a form that can be downloaded from the Faculty website at www.ffprhc.org.uk. Completed submissions must be received at the Faculty office by 10 April annually.

## **International Travelling Scholarship of the Faculty**

The Faculty of Family Planning and Reproductive Health Care has decided to offer a scholarship for those Faculty members who are interested in going abroad to visit international colleagues, services, research or educational establishments in order to learn about some aspect of family planning or reproductive health care. The Faculty will award the International Travelling Scholarship for a maximum of £2000 for five consecutive years. The recipient of the award will be required to give a presentation at a Faculty conference.

The Faculty Officers will consider applications for the award and make a recommendation to Faculty Council. Applications for the scholarship are restricted to members of the Faculty.

Applications should include the following details: country and establishment(s) to be visited, aims of visit, details of visit and benefits, together with a brief curriculum vitae and full contact details.

Enquires about the Scholarship and submissions should be e-mailed to: fulden@ffprhc.org.uk.

Completed applications must be received at the Faculty office by 1 April annually.

Entries should be submitted to: International Travelling Scholarship, Faculty of Family Planning and Reproductive Health Care of the RCOG, 27 Sussex Place, Regent's Park, London NW1 4RG, UK.
