Correction: 'Postponing menstruation: choices and concerns'

Mansour D. Postponing menstruation: choices and concerns. *J Fam Plann Reprod Health Care* 2017;**43**:160–161.

This article in our April issue contains three errors. In the section entitled 'Other Options', point #2 should read "10 mg medroxyprogesterone acetate (MPA) taken three times a day" [not 10 mg depot medroxyprogesterone acetate (DMPA)]. A similar error occurs later in this paragraph and also in point #4, where the text should refer to MPA (not DMPA).
