Appendix 3: Data extraction form

The following data was extracted from each study:

- Author
- Year
- Aim
- Geographical location
- Sample size
- Sample characteristics
- Recruitment method
- Intervention
- Study design
- Outcome measures
- Data collection
- Data analysis
- Findings

Appendix 4: Effective Public Health Practice Project (EPHPP) quality assessment scores

Study authors and date	Selection bias	Study design	Confounders	Blinding	Data collection methods	Withdrawals and drop outs	Overall quality score
Decker (2018)	Strong	Moderate	Weak	Weak	Strong	Moderate	WEAK
Gunn (2016)	Moderate	Moderate	Strong	Moderate	Strong	Weak	WEAK
Litchfield (2010)	Strong	Moderate	Weak	Weak	Strong	Strong	WEAK

Appendix 5: NICE Quality Appraisal Checklist for Qualitative Studies outcome scores

Study author & date	Theoretical approach	Study design	Data collection	Trustworthiness	Analysis	Ethics	Overall assessment
Arnold (2000)	Appropriate / Clear	Defensible	Appropriate	Unclear / Unclear / Reliable	Not rigorous / Poor / Unreliable / Convincing / Relevant / Inadequate	Not Reported	(-)
Benoit (2017)	Appropriate / Clear	Defensible	Appropriate	Clear / Clear / Reliable	Rigorous / Rich / Reliable / Convincing / Relevant / Adequate	Appropriate	(++)
Bodkin (2015)	Appropriate / Mixed	Indefensible	Appropriate	Unclear / Clear / Unreliable	Not rigorous / Poor / Unreliable / Convincing / Relevant / Adequate	Appropriate	(-)
Decker (2018)	Appropriate / Mixed	Defensible	Inadequately documented	Clear / Unclear / Not sure	Rigorous / Poor / Unreliable / Convincing / Relevant / Adequate	Appropriate	(+)
Jeal (2017)	Appropriate / Clear	Indefensible	Appropriate	Clearly described / Clear / Unreliable	Rigorous / Rich / Unreliable / Convincing / Relevant Adequate	Inappropriate	(+)
Felsher (2017)	Appropriate / Clear	Defensible	Appropriate	Clearly described / Unclear / Reliable	Rigorous / Rich / Unreliable / Convincing / Relevant/ Adequate	Appropriate	(+)
Preble (2016)	Appropriate / Clear	Defensible	Appropriate	Clearly described / Clear / reliable	Rigorous / Rich / Reliable / Convincing / Relevant / Adequate	Appropriate	(++)
Wahab (2006)	Appropriate / Clear	Defensible	Appropriate	Clearly described / Clear / Reliable	Rigorous / Rich / Reliable / Convincing / Relevant/ Adequate	Inappropriate	(+)
